To Whom It May Concern,

I am pleased to write this letter of reference for Denys Shlyakhtovskyy, who was a Seasonal Radio Communications Tech during the 2023 and 2024 Fire Seasons. During those seasons, Denys consistently demonstrated a strong work ethic, teamwork, communication skills, and leadership.

Denys is very committed. He would arrive in the Spring and stay through to the end of Summer without any need to take time off. Both seasons were remote camp-based accommodations. On his days off he would stay and explore the local area and people, building relationships.

During his time with us he worked both alone and with many different staff, often at remote fly-in locations. In every situation Denys was dependable and an asset to everyone, whether you were working with him personally, or providing remote direction to him.

Denys is a reliable individual who adapts quickly to new situations and demonstrates initiative and professionalism in all endeavours. He is well respected by colleagues and peers and is known for his attention to detail and insatiable thirst for knowledge.

I am confident that Denys will be an asset to your organization and recommend him without reservation. Should you require any further information, please feel free to contact me at 780-975-3556 or jesper.albrecht@gov.ab.ca.

Sincerely,

Jesper Albrecht
